

InfinitiPRO by Conair®

Triple Barrel Waver

Create gorgeous continuous waves to switch up your everyday style.

Designed with not one but three 1" barrels to create gorgeous continuous waves quickly and easily, the new InfinitiPRO by Conair® Triple Barrel Waver puts the power of salon performance in the palm of your hand. Style your hair, your way with 5 heat settings and a maximum temperature of 410°F, while tourmaline ceramic reduces frizz and boosts shine for a luxurious, healthy-looking finish. There's a setting for every hair type—just choose the right one for you. Engineered to provide three times the waving power of a single barrel waver, this styling essential heats up quickly and maintains an even heat level for consistent results. The auto shutoff safety feature lets you style worry-free. Our Pro Tip: For gentle, soft waves, use larger pieces of hair when you style

Continuous deep waves made easy: Effortlessly create beachy waves and that natural-looking mermaid hair with three large 1" barrels.

Tourmaline ceramic technology: Reduces frizz, boosts shine, and protects against heat damage for beautiful, healthy-looking hair.

410°F high heat: Perfect for hard-to-style spots or hair with coarse texture.

Fast, consistent heat: Quick heat-up, with even heat levels maintained for consistent results.

Quick styling: Large 1-inch barrels provide ample coverage to create waves fast.

Automatic safety shutoff: Less stress and worry, more carefree styling.

Dual voltage: Ideal for overseas travel, this styler automatically converts to run on foreign voltage systems. No converter required—just an adapter to plug into foreign outlets.
