

Conair®

# GlideLite™ Professional Iron

The ONE-TEMP™ iron that blasts away wrinkles using advanced garment steamer technology.

Safely de-wrinkle fabrics with advanced garment steamer technology in a single-setting iron. The GlideLite™ Professional Iron by Conair® combines steam power with less heat to achieve superior smoothing quickly and more easily, so you look perfectly pressed without any stress. ONE-TEMP™ technology provides a single heat setting that smooths all fabrics safely and effectively. With its premium nonstick stainless steel soleplate, you can iron over collars and pockets and between buttons with 360° maneuverability. Fill the water tank and in 30 seconds the water is heated and ready to remove the most stubborn wrinkles. Choose from regular and turbo steam options. Less heat and more steam is safer on cotton, polyester, wool, and linen garments. Features a self-clean button, spray button, and a flexible power cord for easy navigating. For ironing made effortless, press on with the GlideLite™ Professional Iron by Conair®.

ONE-TEMP™ Technology: Safely remove wrinkles from all fabrics with a single heat setting and garment steamer technology.

Instant Heat, Professional Results: Less than 30 seconds is all it takes to heat water and start removing even the most stubborn wrinkles with regular and turbo steam settings.

Friction-Free Soleplate: Innovative patent-pending shape and premium nonstick stainless steel soleplate allow the iron to maneuver effortlessly over fabrics for fast and flawless results.

Safe for All Fabrics: De-wrinkle cotton, linen, polyester, and wool without worry.
