

**TCL**

# TCL A1

The **TCL A1** offers a premium looking design for an affordable price. You'll love this slim and compact smartphone, optimized with a 18:9 Full View Display so you can see and do more. Packed with the latest Android™ apps and enhanced social camera features, the A1 is built for today, but priced so you can think about tomorrow.

## MAXIMIZED SCREEN - MINIMIZED BODY

The TCL A1 has a sleek, premium looking design optimized for both form and function. The 18:9 Full View Display means that you get more screen in less space, making the phone thinner and more comfortable to hold in your hand.

## THE BEST OF ANDROID

Android™ 8.1.0 (Oreo) comes packed with all the latest features and apps, ready to help you tackle your day. Enjoy dynamic messaging with emojis, stickers, and Google Translate, stay organized with Google Keep, or go hands free with your very own Google Assistant.

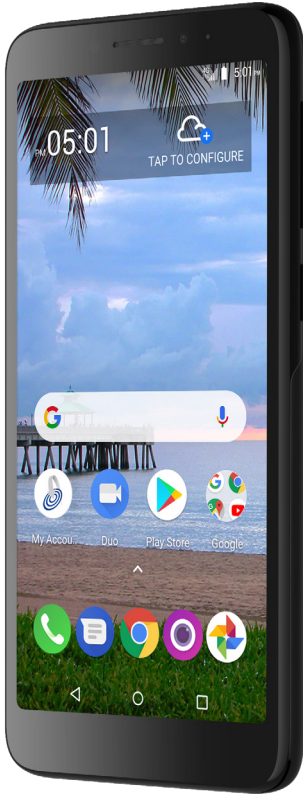

## SOCIAL READY CAMERA

The TCL A1 offers a unique camera experience with Social Mode, which lets you quickly edit pictures, create collages, and share right to your favorite social apps. Also, the 2MP front camera features a screen flash so you get the best selfies even in low light.

## MORE SPACE FOR YOUR STUFF

With up to 16GB of user storage, expandable up to an additional 128GB, you can store more of what you love – photos, videos, apps and games – without worrying about running out of memory.
