5. Compruebe que el voltaje de la toma de corriente corresponde al voltaje del aparato antes de enchufarlo este. La potencia de entrada nominal es de 5 V DC, 1 A.
Este producto no es un aparato médico y no ha sido diseñado para tratar ninguna condición médica.

OPERATING INSTRUCTIONS

Warm Plate and Attachments
1. Thoroughly cleanse and dry the skin.
2. To open pores for better results, use the warm plate before using the microdermabrasion or pore extractor attachments.
3. Test warm plate on a small area of the neck or forearm.
4. Applying light pressure, slide the warm plate gently over the facial skin. Apply in such a way that it gently warms the skin.
5. When warm treatment is complete, press the Power Button and continue with microdermabrasion attachments.
6. Test microdermabrasion attachment on a small area of the neck or forearm.
7. Pull the skin taut with your free hand to allow the device to smoothly glide over the skin.
8. Move device in an upward, fluid motion across the skin. Do not hover in any spots.
Do not use directly above or below eyes.
9. Immediately after treatment wash and dry the skin.
10. Apply a calming toner and recovery moisturizer.
11. Clean the housing (including warm plate), the attachment heads and the mesh filter after each use.
12. Wait 6 to 7 days between treatments.

NOTE: Do not do more than two passes over the same area during treatment.

PRECAUCIONES ESPECIALES ACERCA DE LAS ÁREAS DELICADAS
El extractor de poros/máquina de microdermabrasión SKN by Conair™ ha sido diseñada para limpiar los poros y exfoliar suavemente la piel sin irritar, para un aspecto saludable. Si está bajo el cuidado de un médico/dermatólogo por alguna enfermedad de la piel, o si su piel es muy sensible, consulte con su médico antes del uso.
Se recomienda empujar con el nivel de velocidad/succión bajo, y pasar al nivel alto dependiendo de cómo su piel reacciona al tratamiento. En caso de eritema o irritación de la piel, interrumpa el uso. Este producto no es un aparato médico y no ha sido diseñado para tratar ninguna condición médica.
1. Para uso en lugares secos solamente. No lo exponga al agua, al vapor, a la lluvia.
2. Siempre conecte el cable USB al aparato antes de enchufarlo a la toma de corriente.
3. No use este aparato si la carcasa o el cable de carga están dañados.
4. Siempre desenchufe el aparato después del uso.
5. Compruebe que el voltaje de la toma de corriente corresponde al voltaje del aparato antes de enchufarlo este. La potencia de entrada nominal es de 5 V DC, 1 A.
Este producto no es un aparato médico y no ha sido diseñado para tratar ninguna condición médica.

STARTING THE SKN BY CONAIR™ PORE PURIFIER ADVANCED MICRODERMABRASION TOOL AND SELECTING THE SPEED/SUCTION LEVEL
Press and hold the Power Button to turn on the device. The bottom light will illuminate and the WARM PLATE will heat up instantly.

Press the Power Button one more time to start low suction setting.

For a deeper exfoliation or stronger suction, press the Power Button again.

To stop the suction at any time and switch back to the WARM PLATE only, press the Warm Plate Button.

STOPPING THE SKN BY CONAIR™ PORE PURIFIER ADVANCED MICRODERMABRASION TOOL
At any time, the SKN by conair™ pore purifier advanced microdermabrasion tool can be stopped by pressing and holding the power switch button for more than 1 second.

TURNING ON THE WARM PLATE

Press and hold the Power Button for 1 second to activate the WARM PLATE. After 5 minutes in this setting, the device will go into standby mode.

TURNING OFF THE WARM PLATE

At any time, the WARM PLATE can be stopped by pressing and holding the Power Button for more than 1 second.

ATTACHING AND REMOVING MICRODERMABRASION/PORE EXTRACTOR HEADS
To attach the different attachments, hold the unit and push the attachment onto the post until it snaps in place. To remove attachment head, simply pull attachment off of the unit.

NOTA: Puede que su extractor de poros/máquina de microdermabrasión SKN by Conair™ tenga más accesorios disponibles. Para conseguir accesorios adicionales, comuníquese con su minorista o llame al 1-800-3-CONAIR.

“PUNTAS DE DIAMANTE” DE CRISTAL: Para una exfoliación profunda.

DOS CABLEALES DE POROS GRANDE: Para ayudar a desobstruir los poros.

EXTRACTOR DE POROS GRANDE: Para eliminar las espinillas negras y blancas.

EXTRACTOR DE POROS PEQUEÑO: Para eliminar los puntos de cristo-

ACCESORIOS

La placa tibia debajo del mango ayuda a abrir los poros para dejar la piel tersa y luminosa.

PLACA TIBIA

Recomendamos no compartir este producto. Interrumpa el uso de este producto y llame a su médico en caso de dolor o incomodidad durante el uso.

EXTRACTOR DE POROS/ MÁQUINA DE MICRODERMOABRASIÓN SKN BY CONAIR™

PRECAUCIONES DE USO
Este aparato contiene una batería recargable de iones de litio. No lo incinerar/tire al fuego, no lo caliente, y no lo cargue, use o almacene en un ambiente de alta temperatura.

RECHARGEABLE
El extractor de poros/máquina de microdermabrasión SKN by Conair™ es recargable y debe cargarse completamente antes del uso. Una carga completa proporciona hasta 100 minutos de uso inalámbrico.

OPERATING PRECAUTIONS
This device has a built-in rechargeable lithium-ion battery. Do not throw device into fire, apply heat to it, or charge, use in a high-temperature environment.

CHARGING THE SKN BY CONAIR™ PORE PURIFIER ADVANCED MICRODERMABRASION TOOL

1. Before using the SKN by conair™ pore purifier advanced microdermabrasion tool for the first time, it must be fully charged for 2.5–3 hours. Plug the DC jack into the side of the unit, then plug power cable and adapter into wall outlet. The white LED will begin to flash, indicating that the tool is charging.

2. The charging indicator will FLASH WHITE when charging. Once fully charged, the light will illuminate SOLID WHITE. Always check to be sure that the charging light illuminates when you plug the charging cable into the outlet.

3. The white light will start flashing for 5 seconds and then shut off when the unit reaches low battery capacity during operation.

4. The adapter may become warm while charging — this is normal. Once fully charged, the device can provide 100 minutes of use.

5. In order to maintain the optimum capacity of the rechargeable battery, the SKN by conair™ pore purifier advanced microdermabrasion tool should be given a full 2.5–3 hour charge every 3 months.

6. Remove charging cable from unit and unplug adapter from outlet when not in use. Do not unplug the adapter from the wall when it is still connected to the unit. This will cause the battery to discharge.

5. Para lograr un rendimiento óptimo y conservar la energía de la batería, se recomienda cargar el aparato por 2.5 a 3 horas cada 3 meses.

4. Puede que el adaptador se caliente ligeramente durante la carga, esto es normal. Una vez cargado, el aparato proporcionará hasta 100 minutos de uso inalámbrico.

3. Si la luz blanca parpadea por 5 segundos y luego se apaga durante el funcionamiento, esto significa que la batería está baja.

2. La luz de carga parpadeará durante la carga.

1. Antes de usar el aparato por primera vez, deberá cargarlo por 2.5 a 3.5 horas. Conecte el enchufe DC al costado del aparato, y luego enchufe el adaptador en la toma de succión y luz de carga LED blanca empujará a parpadear.

INSTRUCCIONES DE CARGA

RECARGABLE
El extractor de poros/máquina de microdermabrasión SKN by Conair™ es recargable y debe cargarse completamente antes del uso. Una carga completa proporciona hasta 100 minutos de uso inalámbrico.

OPERATING PRECAUTIONS
This device has a built-in rechargeable lithium-ion battery. Do not throw device into fire, apply heat to it, or charge, use in a high-temperature environment.

FEATURES

TWO SPEED OPTIONS
The two speeds available on your SKN by conair™ pore purifier advanced microdermabrasion tool allow you to customize your skincare routine to suit your individual needs.

WARM PLATE
The warm plate on the bottom of the tool helps to open pores, leaving skin feeling bright and smooth.

ATTACHMENTS

SMALL PORE EXTRACTOR: To remove blackheads & whiteheads.

LARGE PORE EXTRACTOR: To target clogged pores.

2 CRYSTAL DIAMOND HEAD TIPS: For deep exfoliation.

NOTE: Your SKN by conair™ may only include certain attachments. See retailer or call 1-800-3-CONAIR for additional attachments.

RECHARGEABLE
The SKN by conair™ pore purifier advanced microdermabrasion tool is cordless and requires a full charge before use. After tool is fully charged, it can provide up to 100 minutes of use without recharging.

OPERATING PRECAUTIONS
This device has a built-in rechargeable lithium-ion battery. Do not throw device into fire, apply heat to it, or charge, use in a high-temperature environment.

5. Para lograr un rendimiento óptimo y conservar la energía de la batería, se recomienda cargar el aparato por 2.5 a 3 horas cada 3 meses.

IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, especially when children are present, basic safety precautions should always be taken, including the following:

READ ALL INSTRUCTIONS BEFORE USING SKN BY CONAIR™ PORE PURIFIER ADVANCED MICRODERMABRASION TOOL

DANGER — Any appliance is electrically live, even when the switch is off.

WARNING — To reduce the risk of burns, electrocution, fire, injury or death to persons:

1. Always unplug appliance from electrical outlet immediately after using (except when charging tool). Do not allow to be used as a toy.
2. Do not place or store appliance where it could fall or be pulled into a tub or sink.
3. Do not use appliance while bathing or in the shower.
4. Do not place appliance in or drop into water or other liquids.
5. If appliance has fallen into water, do not reach for it. Unplug immediately.
6. Unplug this appliance before cleaning.
7. Do not use device if it is not working properly or if it has been dropped, damaged, or dropped into water.
8. Do not place or store the charging cable where it can fall or be pulled into a tub or sink.
9. Do not immerse charging cable in water or any other liquids.
10. If charging cable falls into water or another liquid,

11. Not for use by children.

12. Do not pull, twist or wrap the cord around the appliance.

13. Never drop or insert any object into any opening on the appliance.

14. THIS PRODUCT IS FOR HOUSEHOLD USE ONLY.

15. Do not leave appliance unattended when plugged in. Unplug from outlet when not in use and before cleaning and servicing.

16. Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.

17. Do not handle plug or appliance with wet hands.

18. Do not use device if it is not working properly or if it has been dropped, damaged, or dropped into water.

19. Do not place or store the charging cable where it can fall or be pulled into a tub or sink.

20. Do not immerse charging cable in water or any other liquids.

21. If charging cable falls into water or another liquid,

22. Do not pull, twist or wrap the cord around the appliance.

23. Never drop or insert any object into any opening on the appliance.

24. THIS PRODUCT IS FOR HOUSEHOLD USE ONLY.

25. Do not leave appliance unattended when plugged in. Unplug from outlet when not in use and before cleaning and servicing.

26. Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.

27. Do not handle plug or appliance with wet hands.

28. Do not use device if it is not working properly or if it has been dropped, damaged, or dropped into water.

29. Do not place or store the charging cable where it can fall or be pulled into a tub or sink.

30. Do not immerse charging cable in water or any other liquids.

31. If charging cable falls into water or another liquid,

32. Do not pull, twist or wrap the cord around the appliance.

33. Never drop or insert any object into any opening on the appliance.

34. THIS PRODUCT IS FOR HOUSEHOLD USE ONLY.

35. Do not leave appliance unattended when plugged in. Unplug from outlet when not in use and before cleaning and servicing.

36. Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
