

S-SB10V

10" Alpine Halo S-Series Preloaded Subwoofer Enclosure with ProLink™

PRODUCT OVERVIEW

A subwoofer enclosure that sounds as good as it looks. Alpine's preloaded, linkable subwoofer enclosures give you powerful performance with the unique Alpine Halo design.

PRODUCT FEATURES

Unique ProLink™ Design – ProLink™ is unique to Alpine and allows you to link two S-SB10V enclosures together using an optional KTX-H10 linking kit to create a dual subwoofer enclosure.

Stand Out in the Crowd – Drawing inspiration from the sleek, tapered lines and clean silver finish of the Alpine Halo display, the S-SB10V shares the same unique, curved edges outlined by a silver trim and a metallic front baffle for a matching system aesthetic.

Optimal Sound Performance – The ported enclosure design features an optimized vent and rounded internal port edges that maximize the output performance of the subwoofer.

POWER RANGE: 250-600W
