

Unpack

* Available on some models

Note: Your computer might not come with a Windows® recovery disc set or USB key. To restore the Windows operating system, see the recovery information in the *User Guide*. See "Accessing your *User Guide*" later in this document for additional information.

Connector locations

Notes:

- The locations of the connectors, controls, and indicators on your computer might be slightly different from the illustrations.
- For tiny desktop:** If you use the optional port for installing a serial port, the serial port and the adjacent VGA monitor connector might interfere with each other when you connect cables. To avoid the interference, ensure that you use the serial port convert cable that comes with the computer when you connect a device to the serial port.
- For tiny desktop:** The Video Electronics Standards Association (VESA®) mount bracket and the vertical stand are optional parts. If your computer comes with the VESA mount bracket installed, ensure that you remove the VESA mount bracket before you install the vertical stand. For more information, see "Installing or replacing hardware" in the *User Guide*.

Tower and small desktop, rear view

- Power cord connector
- Serial connector
- VGA monitor connector
- DisplayPort® connectors (2)
- USB 3.0 connectors (USB connectors 5 to 8)
- USB 2.0 connectors (USB connectors 3 and 4)
- Microphone connector
- Audio line-out connector
- Audio line-in connector
- PCI Express x16 graphics card slot
- PCI Express x16 graphics card slot (Negotiable link width x4)
- PCI card slot
- PCI Express x1 card slot
- Ethernet connector
- PS/2 keyboard and mouse connectors (optional)

Tower

Small desktop

Tiny desktop, rear view

- Wi-Fi antenna slot
- ac power adapter cable loop
- Optional connector
- Security-lock slot
- ac power adapter connector
- DisplayPort connector
- USB 3.0 connector (USB connector 4)
- USB 3.0 connector (USB connector 3)
- VGA monitor connector
- Ethernet connector
- USB 3.0 connector (USB connector 5)

Tiny desktop

Initial setup instructions

Note: Depending on the model type, your computer might not have all of the connectors that are described in this section.

- Connect the keyboard cable to an appropriate keyboard connector.

- Connect the mouse cable to an appropriate mouse connector.

- Connect the display cable to an appropriate video connector.

Note: If your computer is installed with a graphics card, ensure that you use the monitor connectors on the graphics card.

- If you have audio devices, attach them using the following instructions.

- Audio line-in connector:** Used to receive audio signals from an external audio device, such as a stereo system.
- Audio line-out connector:** Used to send audio signals from the computer to external devices, such as powered stereo speakers.
- Microphone connector:** Used to attach a microphone to your computer to record sound or use speech-recognition software.
- Headphone connector:** Used to attach headphones to your computer to listen to music or other sounds without disturbing anyone.
- Headset connector:** Used to attach a supported headset to your computer to listen to music, or other sounds without disturbing anyone. The headset connector is also known as audio jack.

- If you have powered speakers with an ac power adapter, do the following:
 - Connect the cable that runs between the speakers, if necessary. On some speakers, this cable is permanently attached.
 - Connect the ac power adapter cable to the speakers.
 - Connect the speakers to the audio line-out connector or the headphone connector on the computer.
 - Connect the ac power adapter to an ac power source.

- If you have unpowered speakers with no ac power adapter, do the following:
 - Connect the cable that runs between the speakers, if necessary. On some speakers, this cable is permanently attached.
 - Connect the speakers to the audio line-out connector or the headphone connector on the computer.

- If you have any additional devices, connect them to the appropriate connectors. Your computer might not have all connectors that are shown.

- USB 2.0 connector:** Used to attach a device that requires a USB 2.0 connector, such as a keyboard, a mouse, a scanner, a printer, or a personal digital assistant (PDA).
- USB 3.0 connector:** Used to attach a device that requires a USB 2.0 or 3.0 connector, such as a keyboard, a mouse, a scanner, a printer, or a personal digital assistant (PDA). A USB 3.0 connector provides high transmission speeds to reduce the time that is required for data transmission.
- Serial connector:** Used to attach an external modem, a serial printer, or other devices that use a 9-pin serial connector.

- Ethernet connector:** Used to attach the computer to an Ethernet-type local area network or to a cable modem. Important: To operate the computer within FCC limits when it is connected to an Ethernet network, use a Category 5 Ethernet cable.

- Connect the power cord or the power adapter to the computer first and then to a properly-grounded electrical outlet. Ensure that all power cord connectors are securely and completely plugged into receptacles.

- Press the power button on the front of the computer.

- Follow the on-screen instructions to complete the setup.

Note: If your tiny desktop computer comes with an external optical drive, an external hard disk drive, an external battery, or an I/O box, ensure that you install the cable that connects your computer and the external device. If your computer comes with the Wi-Fi feature, ensure that you install the Wi-Fi antenna stick to your computer.

Accessing your user guide

Your *User Guide* contains detailed information about your computer. To access your *User Guide*, do the following:

Microsoft® Windows 10:

- Open the Start menu and then click or tap **Lenovo Companion**. If **Lenovo Companion** is not displayed on the Start menu, click or tap **All apps** to display all programs, and then click or tap **Lenovo Companion**.
- Click or tap **Support** → **User Guide**.

Microsoft Windows 8.1:

- Method 1**
 - Go to the Start screen.
 - Click the arrow icon in the bottom-left corner of the screen to go to the Apps screen. If you are using a touch screen, swipe up to go to the Apps screen.
 - Scroll to the right side of the screen, and click or tap **Help and Support**. The Windows Help and Support window opens.
 - Click or tap **Lenovo User Guide**.

- Method 2**
 - Go to the Start screen.
 - Click or tap **Lenovo Support**. The Lenovo Support window opens.
 - Click or tap **User Guide**.

Microsoft Windows 8:

- From the desktop or the Start screen**
 - Move the pointer to the top-right or bottom-right corner of the screen to display the charms, and then click **Search**. If you are using a touch screen, swipe in from the right edge of the screen to display the charms, and then tap **Search**.
 - On the Apps screen, scroll to the right side, and click or tap **Help and Support**. The Windows Help and Support window opens.
 - Click or tap **Lenovo User Guide**.

- From the Start screen**
 - Click or tap **Lenovo Support**. The Lenovo Support window opens.
 - Click or tap **User Guide**.

Microsoft Windows 7:

- From the Windows desktop, click **Start** and then click **Help and Support**. The Help and Support application opens.
- Click **Lenovo User Guide**.
- In the Lenovo User Guide window, click the link for your model and the *User Guide* opens.

Models without preinstalled operating systems and Virtual Desktop Infrastructure (VDI) clients:

Go to the Lenovo Support Web site to access your *User Guide*. See "Downloading publications" for additional information.

User Guides are available in additional languages from the Lenovo Web site. See "Downloading publications" for additional information.

Read this flyer before using your computer

This flyer provides critical safety and regulatory information for Lenovo computers and instructions on how to access electronic versions of the publications developed for your computer.

Read first — regulatory information

Computer models equipped with wireless communications comply with the radio frequency and safety standards of any country or region in which it has been approved for wireless use.

Be sure to read the Regulatory Notice for your country or region before using the wireless devices contained in your computer. To obtain a PDF version of the Regulatory Notice, refer to the "Downloading publications" section below.

Brazil regulatory notice

Ouvir sons com mais de 85 decibéis por longos períodos pode provocar danos ao sistema auditivo.

Mexico regulatory notice

Reduce | Reuse | Recycle

Advertencia: En México la operación de este equipo está sujeta a las siguientes dos condiciones: (1) es posible que este equipo o dispositivo no cause interferencia perjudicial y (2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.

Downloading publications

Electronic versions of your computer publications are available from the Lenovo Support Web site. To download the publications for your computer, go to <http://www.lenovo.com/UserManuals> and follow the instructions on the screen.

Service and Support information

The following information describes the technical support that is available for your product, during the warranty period or throughout the life of your product. Refer to the Lenovo Limited Warranty for a full explanation of Lenovo warranty terms. See "Lenovo Limited Warranty notice" later in this document for details on accessing the full warranty.

If you purchased Lenovo services, refer to the following terms and conditions for detailed information:

- For **Lenovo Warranty Service Upgrades or Extensions**, go to: <http://support.lenovo.com/lwsu>
- For **Lenovo Accidental Damage Protection Services**, go to:

<http://support.lenovo.com/ladps>

Online technical support

Online technical support is available during the lifetime of a product at: <http://www.lenovo.com/support>

Telephone technical support

Where applicable, you can get help and information from the Customer Support Center by telephone. Before contacting a Lenovo technical support representative, please have the following information available: model and serial number, the exact wording of any error message, and a description of the problem. Your technical support representative might want to walk you through the problem while you are at your computer during the call.

Worldwide Lenovo support telephone list

Important: Telephone numbers are subject to change without notice. The most up-to-date telephone list for the Customer Support Center is always available at: <http://www.lenovo.com/support/phone>

If the telephone number for your country or region is not listed, contact your Lenovo reseller or Lenovo marketing representative.

台北市內湖區堤頂大道二段89號5樓
服務電話：0800-000-702

Safety information

This section contains important safety information for Lenovo products. Additional safety information is provided in the *User Guide* for your product. See "Accessing your *User Guide*" for additional information.

Laser compliance statement

CAUTION:

When laser products (such as CD-ROMs, DVD drives, fiber optic devices, or transmitters) are installed, note the following:

- Do not remove the covers. Removing the covers of the laser product could result in exposure to hazardous laser radiation. There are no serviceable parts inside the device.
- Use of controls or adjustments or performance of procedures other than those specified herein might result in hazardous radiation exposure.

DANGER Some laser products contain an embedded Class 3A or Class 3B laser diode. Note the following: Laser radiation when open. Do not stare into the beam, do not view directly with optical instruments, and avoid direct exposure to the beam.
--

Plastic bag notice

DANGER Plastic bags can be dangerous. Keep plastic bags away from babies and children to avoid danger of suffocation.

Lithium coin cell battery notice

DANGER Danger of explosion if battery is incorrectly replaced.
--

When replacing the lithium coin cell battery, use only the same type or equivalent type that is recommended by the manufacturer. The battery contains lithium and can explode if not properly used, handled, or disposed of.

Do not:

- Throw or immerse into water
- Heat to more than 100°C (212°F)
- Repair or disassemble

Dispose of the battery as required by local ordinances or regulations.

The following statement applies to users in the state of California, U.S.A.

California Perchlorate Information:

Products containing manganese dioxide lithium coin cell batteries may contain perchlorate.

Perchlorate Material - special handling may apply. See www.dtsc.ca.gov/hazardouswaste/perchlorate

Using headphones or earphones

If your computer has both a headphone connector and an audio line-out connector, always use the headphone connector for headphones (also called a headset) or earphones.

CAUTION:

Excessive sound pressure from earphones and headphones can cause hearing loss. Adjustment of the equalizer to maximum increases the earphone and headphone output voltage and the sound pressure level. Therefore, to protect your hearing, adjust the equalizer to an appropriate level.

Excessive use of headphones or earphones for a long period of time at high volume can be dangerous if the output of the headphone or earphone connectors do not comply with specifications of EN 50332-2. The headphone output connector of your computer complies with EN 50332-2 Sub clause 7. This specification limits the computer's maximum wide band true RMS output voltage to 150 mV. To help protect against hearing loss, ensure that the headphones or earphones you use also comply with EN 50332-2 (Clause 7 Limits) or a wide band characteristic voltage of 75 mV. Using headphones that do not comply with EN 50332-2 can be dangerous due to excessive sound pressure levels.

If your Lenovo computer came with headphones or earphones in the package, as a set, the combination of the headphones or earphones and the computer already complies with the specifications of EN 50332-1. If different headphones or earphones are used, ensure that they comply with EN 50332-1 (Clause 6.5 Limitation Values). Using headphones that do not comply with EN 50332-1 can be dangerous due to excessive sound pressure levels.

Lenovo Limited Warranty notice

This product is covered by the terms of the Lenovo Limited Warranty, version L505-0010-02 08/2011. Read the Lenovo Limited Warranty (LLW) at http://www.lenovo.com/warranty/llw_02. You can view the LLW in a number of languages from this Web site. The LLW also is displayed on your computer during the initial setup. After the initial setup has completed, you can view the warranty on your computer by doing the following:

Windows 10:

- Open the Start menu and then click or tap **Lenovo Companion**. If **Lenovo Companion** is not displayed on the Start menu, click or tap **All apps** to display all programs, and then click or tap **Lenovo Companion**.
- Click or tap **Support**→ **Warranty & Services**.
- Click or tap **Terms**.

Windows 8 and Windows 8.1:

- Go to the Start screen.
- Click or tap **Lenovo Support**. The Lenovo Support window opens.
- Click or tap **Service and Warranty**.

Windows 7:

From the Windows desktop, click **Start** → **All Programs** → **Lenovo Device Experience** → **Lenovo Warranty**.

If you cannot view the LLW either from the Web site or from your computer, contact your local Lenovo office or reseller to obtain a printed version of the LLW.

Warranty information

To check the warranty status of your computer, go to <http://www.lenovo.com/warranty-status>, and then follow the instructions on the screen.

Customer Replaceable Units

Customer Replaceable Units (CRUs) are parts that can be upgraded or replaced by the customer. If a CRU is determined to be defective during the warranty period, a

replacement CRU will be provided to the customer. Customers are responsible for installing the self-service CRUs for this product. Customers also can install optional-service CRUs, which might require some technical skills or tools, or request that a technician install the optional-service CRU under the terms of the applicable warranty service type for your country or region. The following tables list CRUs for your computer and tell where to find the replacement instructions.

Machine types 10A0, 10A1, 10A6, and 10A7.

Self-service CRUs	Optional-service CRUs
- Coin cell battery - Cover presence switch (intrusion switch) - Hard disk drive - Internal speaker - Keyboard - Memory module - Mouse - Optical drive - Peripheral Component Interconnect (PCI) card* - Rear Wi-Fi antenna*	- Front audio and USB assembly - Front USB assembly* - Front Wi-Fi antenna* - Heat sink and fan assembly - Microprocessor - mSATA solid state drive* - mSATA solid state drive converter* - Power supply assembly - Rear fan assembly - Thermal sensor* - Wi-Fi adapter card* - Wi-Fi card module*

Machine types 10A2, 10A3, 10A8, and 10A9.

Self-service CRUs	Optional-service CRUs
- Coin cell battery - Cover presence switch (intrusion switch) - Hard disk drive - Keyboard - Memory module - Mouse - mSATA solid state drive* - Optical drive - PCI card* - Secondary hard disk drive*	- Card reader* - Front audio and USB assembly - Front fan assembly - Front USB assembly* - Front Wi-Fi antenna* - Heat sink and fan assembly - Internal speaker - Microprocessor - mSATA solid state drive converter* - Power supply assembly - Rear Wi-Fi antenna* - Thermal sensor* - Wi-Fi adapter card* - Wi-Fi card module*

Machine types 10A4, 10A5, 10AA, 10AB, 10DF, 10DG, 10DH, and 10DJ.

Self-service CRUs	Optional-service CRUs
- ac power adapter - Coin cell battery - Front Wi-Fi antenna* - Keyboard - Memory module - Mouse - Power adapter bracket* - Power cord - Vertical stand* - Rear Wi-Fi antenna*	- External hard disk drive* - External I/O box - External optical drive* - Thermal module - Internal speaker - Microprocessor - Power switch board - System fan - VESA mount bracket* - Wi-Fi card module*

Note: * denotes optional parts, which are available in some models.

CRU installation instructions are in the *User Guide* for the respective product. See "Accessing your *User Guide*" for additional information.

Recycling and environmental information

Lenovo encourages owners of information technology (IT) equipment to responsibly recycle their equipment when it is no longer needed. Lenovo offers a variety of programs and services to assist equipment owners in recycling their IT products.

For information on recycling Lenovo products, go to: <http://www.lenovo.com/recycling>

For additional recycling and environmental statements, refer to your *User Guide*. See "Accessing your *User Guide*" for details.

The latest environmental information about our products is available at: <http://www.lenovo.com/ecodeclaration>

Important WEEE information

	Electrical and electronic equipment marked with the symbol of a crossed-out wheeled bin may not be disposed as unsorted municipal waste. Waste of electrical and electronic equipment (WEEE) shall be treated separately using the collection framework available to customers for the return, recycling, and treatment of WEEE. Country-specific information is available at: http://www.lenovo.com/recycling
--	---

Recycling information for Japan

Recycling and disposal information for Japan is available at: <http://www.lenovo.com/recycling/japan>

Recycling information for China

《废弃电器电子产品回收处理管理条例》提示性说明

联想电脑拥有联想品牌产品的用户当不再需要此类产品时，遵守国家废弃电器电子产品回收处理管理条例，将不交给当地具有国家认可的回收处理资质的厂商进行回收处理。更多回收服务信息，请点击进入 <http://support.lenovo.com.cn/activity/551.htm>.

Additional recycling statements

Additional information about recycling computer components and batteries is in your *User Guide*. See "Accessing your *User Guide*" for details.

Restriction of Hazardous Substances Directive (RoHS)

European Union RoHS

This Lenovo product, with included parts (cables, cords, and so on) meets the requirements of Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment ("RoHS recast" or "RoHS 2").

For more information about Lenovo worldwide compliance on RoHS, go to: http://www.lenovo.com/social_responsibility/us/en/RoHS_Communication.pdf
