

WIFI PHOTO AND VIDEO PRINTER

Print and share Augmented Reality photos and videos from your smartphone.

The new Lifeprint WiFi Photo and Video printer is a fully wireless and bluetooth printer for iPhone and Android that allows you to print and share Augmented Reality photos with friends and family all over the world. For that classic instant camera look, Lifeprint now uses larger 3x4 images. Named "Best ZINK Printer" by Digital Trends, Lifeprint uses Augmented Reality to print "Hyperphotos" that come to life like magic in your hands.

AUGMENTED REALITY "HYPERPHOTOS"

Lifeprint's Augmented Reality Hyperphotos make your prints magically come to life in your hands.

SHARE PHOTOS AROUND THE WORLD

With Lifeprint, you can share printed photos with friends and family all over the world. Now sending real photos is just as easy as sending a text.

WIFI AND BLUETOOTH ENABLED

Print from anywhere! With the new Wifi feature, your printed photos will be at home waiting for you when you get back.

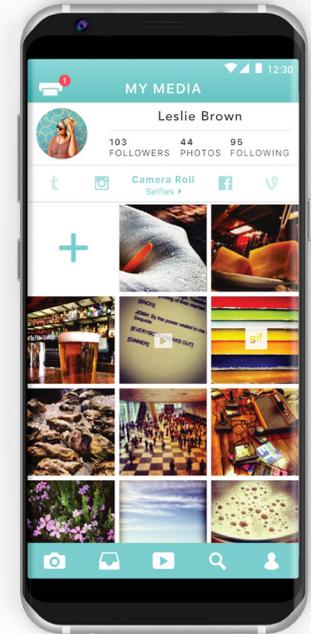

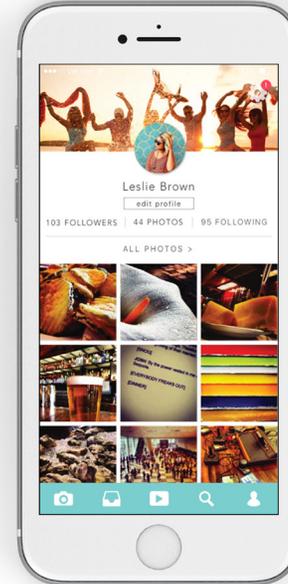

FULL PHOTO EDITING SUITE

Customize your prints with filters, memes, stickers, and more. Have fun, go crazy.

ZERO INK 2X3 PHOTOS & STICKERS

Lifeprint requires NO INK to print. Just put in the paper and print. The photos are 'sticky backed' so you can stick them anywhere to customize your life.
