Web Product Name

Leapfrog 1080p WiFi Remote Access 2 Camera Video Baby Monitor with 5" High Definition 720p Display, Night Light, Color Night Vision , LF815-2HD (White)

Web Description

Watch over your little one at home on the 5-inch, 720p High-Definition LCD Parent Unit Display or remotely on your smartphone with the 2 Camera Leapfrog LF815-2HD WiFi video baby monitor. Enhance your baby's sleep environment with a sound & light profile recommended by the experts at WeeSleep™. Magnify details up to eight times their original size with the crisp digital zoom range and monitor room temperature and humidity levels directly from the Parent Unit Display. Plus, see your baby as clear as day, even in ultralow light, thanks to the automatic infrared Color Night Vision. Free professional in-app advice and videos provided by the experts at WeeSleep™ and LeapFrog help assist in the growth and development of your baby.

Web Features

- Free live remote access via smartphone and tablet - Remotely listen and view on multiple devices, even outside the home. This system allows for local and remote viewing through the Leapfrog Baby Monitor app with no fees or monthly subscriptions.
- 1080p Remote & 720p Local HD viewing - The camera transmits 1080p high-definition video, so you can clearly see your little on the parent unit.
- High-definition, 5-inch color LCD screen to clearly see every single move right from the parent unit.
- Night light on baby unit - A soothing light on the baby unit gently illuminates a dark nursery.
- Color night vision - Advanced night vision technology that is superior to traditional (black & white) technology allows you to clearly see your baby in ultra-low-light.
- Free professional in-app tips and advice - Rich content and videos provided by the experts at WeeSleep™ and LeapFrog provide helpful tips and advice about sleep, social, cognitive and much more to assist in the growth and development of your baby. Plus receive a free 15 minute phone consultation with a WeeSleep™ sleep consultant.
- Local and Remote Two-way, talk-back intercom - Sometimes all your baby needs is to hear the sound of your voice. Comfort your infant from any room with the built-in intercom on the portable parent unit or from your smartphone using the Leapfrog app.
