Dimensions

Depth	24 7/32"
Height	A 35 21/32 - 36 11/32"
Width	B 29 7/8"

Features & Benefits

Perfect Results

Professional performance is delivered by powerful gas burners on the cooktop and three oven functions, bake, fan bake and broil.

Precise Control

Generous stainless steel control dials with a simple, functional interface are positioned on a full stainless steel control panel for precise control over cooking temperatures.

Sized to Suit

Our 30" Ranges are spacious, with 3.6 cu.ft of total capacity. A four position shelving system allows ample space for larger meals.

Easy Cleaning

The gas cooktop is made from a single piece of stainless steel that contains spills to be simply wiped away, while the easily removable oven door and runners make cleaning easy.

Safe and Sound

A CoolTouch door and built-in cooling system ensure the oven door is safe to touch externally. Streamlined cast iron trivets on the cooktop let you slide pots and pans without lifting them.

Designed to Match

This Range is designed to complement the Fisher & Paykel kitchen product family with clean lines of black glass and stainless steel.
